

Features

Weight transmitter with 0-20mA, 4-20mA, 0-10Vdc or 0-5Vdc analogue output at choice. Suitable for assembling on the panel real .

Analogue Style

ABS material

Specification

1. Analogue filter for reducing the weight oscillations by adjusting the trimmer one ture.
2. Dimensions 63x58mm, height 35mm
3. Use for single load cell from 1 to 3mV, 350ohm
4. Load cell power supply 10Vdc
5. Power supply from 18 to 24 Vdc
6. Operating temperature from -10 to 50 degree
7. Non-repeatability 0.05% F.S.
8. Accuracy 0.2% of full scale output F.S.

Input Load Cell Connection

Red	Green	White	Black	T black
Exc+	Sig+	Sig-	Exc-	Shield

Output Connection

Red	Black	Green	White
24V	GND	IOut	Vout
